

Simple Dinosaur template

Draw around your template onto cardboard.

If you're working on thick card, you might need to make your slot a little bit wider to fit both pieces together.

You can colour, collage or paint onto your card shapes before assembling if you like!

Triceratops template

Draw around your template onto cardboard.

If you're working on thick card, you might need to make your slot a little bit wider to fit both pieces together.

You can colour, collage or paint onto your card shapes before assembling if you like!

THINK BIG

template

Top Tips for creating your own design:

Think about the way your sculpture will balance

You can choose where you draw your stencil so you can include colour from your cardboard

If using thick card, make your slots a bit wider - try cutting a V-shape to help your pieces fit
